Ms. Dravis,

Thank you for your outreach and invitation. I would be pleased to come in with a few other NRDC colleagues to meet you and your policy team.

Let's start to compare available dates and times. I will coordinate with my colleagues in some of our programs that work on EPA topics.

I look forward to meeting you.

Best,  
John

John,

I noticed your comments in Greenwire a few weeks back, and wondered if you or other colleagues would like to come in and meet with some of our policy team? We'd be happy to host you here. Let me know if this is of interest and I can work to set up a mutually acceptable time.

Thank you!

Best,  
Samantha
