Mr. V. N. Somani
Shree Digvijay Cement Company Ltd.
P.O. Digvijaynagar
Ahmedabad-382470
India

Dear Mr. Somani:

I just received your letter of January 21, 1978. I see that you already have taken certain corrective measures to improve your dust problems.

The telex's you refer to were sent to you from our Asbestos Fiber Division or Engineering Department.

I was aware that Mr. Chandra was going to contact your plant before he left India. We thought that a visit by him could be of benefit to you since he is highly qualified in dust control and air handling systems. Unfortunately, this visit did not materialize.

I hope that your present dust control improvement work will be successful. If you need any help in this area, I am sure we can be of assistance to you.

With Kindest Regards,

J. Laipenieks
Mgr. Process Development,
Asbestos-Cement Pipe Products
Process Development Division
