Subject: regarding asbestos reports

Chris, Mike said you were the one writing on this. Please see below:

“The press reports on this issue are inaccurate. Without the proposed Significant New Use Rule (SNUR) EPA would not have a regulatory basis to restrict manufacturing and processing for the new asbestos uses covered by the rule. The EPA action would prohibit companies from manufacturing, importing, or processing for these new uses of asbestos unless they receive approval from EPA.” – **EPA spokesman James Hewitt**
