Ken,
It was a delight to meet you this evening. We look forward to your visit to Santa Fe soon. Tulsa is being well represented in D.C., makes me very proud!

Ken:

Sometime you meet Tulsans in the most unique of circumstances. I think our respective new roles qualify. I was impressed with your team from New Mexico and look forward to spending some time together about how the EPA and the State of New Mexico can improve their partnership to protect our natural resources while allowing for a robust and healthy economy.

New Mexico is in good hands!

Ken
