SUBJECT : SHAC MINUTES - 10/24/84

REFERENCE :

TO : SHAC Members:

R. T. Hammann, 0-22
S. W. Moncla 513D
J. T. Payne SS-18
J. D. Richards 1Z
J. A. Stal, Jr. OA-11

These are the minutes of the October 24, 1984, SHAC committee meeting.

Future SHAC Meetings

SHAC meeting on October 31 will start at 2:30 rather than 1:00 - Conf. Room 7
in office annex

SHAC meetings have been scheduled as follows for November:

November 7 - 1:00 PM - Labor Relations Conference Room
13 (TUESDAY) - 1:00 PM - VIP
21 - 1:00 PM - VIP
28 - 1:00 PM - VIP

Permits

A review of the signing of fire and entry permits during the shutdown -
critique of west plant will be conducted.

Pipeline Ownership Policy

Information from SHAC feedback from the circulated policy was discussed.
Joe Stal will send a memo to SAC summarizing the conclusions.

EPP Drill

The drill will be conducted three weeks from today on November 15, 1984.
Danforth Hospital and an outside emergency ambulance service that works
with Danforth will both be involved in the drill. Details need to be
confirmed.

Methanol Safety Incident

Still investigating using better communication equipment in the control rooms.
Plan to report to SHAC in early November.

Contractor Safety

Group film still needs to be produced. An alternate way of producing the film was discussed. Use of a slide show, rather than a 16mm film is being investigated.
