Subject: RE: APCRA Follow-up and Action Items: Extended due date for Case Study Updates: December 8

Dear all,

Our first follow-up teleconference will be held on January 18, 2018 at 8am ET. Invitation to follow.

Please review the items below for details on follow-up actions. We are extending the due date for updates on case studies to **December 8th**, which will still allow time to compile all updates and share with the group for review prior to our next teleconference.

Please contact me with any questions or updates (gwinn.maureen@epa.gov).

Subject: APCRA Follow-up and Action Items

Dear all,

Thank you all for a very productive meeting in Helsinki. Our discussions ranged from building bridges between case studies, increasing acceptance of the use of NAMs by risk assessors and managers, and use of NAMs for exposure analysis. Presentations included updates on specific case studies, with discussion of how these will move forward. We are working to compile and share notes from the workshop, but in the meantime we wanted to send out some follow-up action items that came out of our discussions.

1. Teleconferences: We will continue to hold teleconferences every 6-8 weeks to discuss progress on case studies and other action items, and build toward strengthening collaborations on current and future case studies. Please confirm that we have the correct members from your organization on our email contact list.
2. Case study leads: Please share updates for your case study by **November 27th**. Send updates to Maureen Gwinn (gwinn.maureen@epa.gov) for compilation.
3. Need for Communication strategy: Tina Bahadori will lead a workgroup on discussions of what is needed for a communication strategy to increase acceptance for the use of NAMs in risk assessment and regulation. Workgroup members currently include Tina, Mike Rasenberg, Rusty Thomas and Maureen Gwinn. Update to be given at next teleconference, likely sometime in January. Separate invitation will follow within the next week or so.

Slides and other workshop materials are being updated and maintained at

Please do not share materials outside of your organization without permission. We will share notes on key points from the workshop in the near future.

Thank you everyone for your continued activities in support of this work, and one last thank you to Bob Kavlock for bringing this group together.

Maureen
