Re: Asbestos Paper - sale of

Dear Mr. Clark:

I have your letter of March 25th re. sales
of Asbestos paper in your area.

Since you are not a manufacturer and hence
a licensee on asbestos paper I cannot dictate to you the
price at which you sell. Naturally I do not like to see
you selling below the Schedule which I have set on licensed
paper.

It would be interesting to me to know of specific
cases in which the Carey Company, which is a licensee, is
making sales below the Schedule I have established and if you
can supply such cases I would appreciate it.

Very truly yours,

Donald Tulloch
