INDUSTRIAL HYGIENE DIGEST

Volume 40, 1976

<u>Absenteeism</u> , (Yugoslavia)	1396/76	<u>pollution</u> , effects on lung disease (New York City)	605/76
<u>Accidents</u>		<u>pollution</u> , health effects (Cracow)	234/76
causes	1355/76	<u>pollution</u> , index system	855/76
costs	246/76	<u>pollution</u> , indoor, control	109/76
home, incidence in working population	748/76	<u>pollution</u> , industrial (Poland)	233/76
information collection system	1005/76	<u>pollution</u> , measurement	114/76
mortality data (Canada)	122/76	<u>pollution</u> , measurement (bk)	1045/76
psychological effects	431/76	<u>pollution</u> , measurement instrument	875/76
reporting system	734/76	<u>pollution</u> , measurement, instrument	881/76
prevention	1238/76	<u>pollution</u> , measurement, portable direct-reading meters	880/76
prevention, falling	499/76	<u>pollution</u> , microbiological, sampler	1448/76
prevention program	1012/76; 1014/76	<u>pollution</u> , particulate identification	1216/76
statistics (1974, Canada)	615/76	<u>pollution</u> , relation to mortality (New York City)	856/76
statistics (1975, U.S.)	616/76	<u>pollution</u> , standards	853/76; 854/76
<u>Acetic acid</u> , determination method	879/76	<u>samplers</u> , continuous direct reading	591/76
<u>Acetone</u> , effects on skin	292/76	<u>samplers</u> , effect of altitude	586/76
<u>Acetylaminofluorene</u> , bladder tumors from (mice)	201/76	<u>Airports</u> , occupational hazards	239/76
<u>Acrylonitrile</u> , exposure control	189/76	<u>Alcoholism</u>	
<u>Actinomycosis</u> , incidence	159/76	industrial programs	363/76; 608/76; 666/76; 1169/76; 1290/76
<u>Action levels</u>		industrial programs, nurse's role	418/76; 803/76
basis of	864/76	<u>Aluminum industry</u> , lung disease incidence	953/76
vs. true daily exposure	866/76	<u>Amines</u> , aromatic, liver tumors (rats)	833/76
<u>Adhesive tape</u> , dermatitis	939/76	<u>Aminoanthraquinone</u> , toxicity (rats)	202/76
<u>Aerosols</u> , respiratory effects	409/76	<u>Ammonia</u>	
<u>Age</u>		determination	1467/76
discrimination in employment	867/76	effects on lung (human)	814/76
effect on pulmonary function	54/76; 57/76	occupational standard criteria (NIOSH)	455/76
<u>Air</u>		<u>Anesthetics</u>	
conditioning, halocarbon refrigerants for	1090/76; 1091/76	carcinogenic effects	1186/76
conditioning, industrial	488/76; 1109/76	determination, operating theatres	751/76
conditioning, industrial, design	731/76	explosion hazards, hospitals	1114/76
pollution	116/76	inhalation hazards, occupational exposure	1080/76; 1081/76
pollution (Sofia)	1444/76	<u>Aortocoronary vein - bypass operation</u> , effect on occupational status	1048/76
pollution, control, consultants directory	1088/76	<u>Argon</u> , toxicity	453/76
pollution, control, equipment (bk)	1044/76	<u>Aroclor</u>	
pollution, control, equipment, buyers' guide	485/76	fat tissue metabolism (rats)	708/76
pollution, control, legal aspects (bk)	1148/76	effects, occupational exposure	1058/76
pollution, control, nitrogen oxides (bk)	148/76	effects on liver (rats)	709/76
pollution, control, personnel cubicles	1446/76	<u>Aromatic amines</u> , determination method	1365/76
pollution, control, steel industry (bk)	1149/76	<u>Aromatic hydrocarbons</u> , determination in air, method	1366/76
pollution control sulfur dioxide (bk)	149/76		
pollution, effects on heart disease (New York City)	605/76		

<u>Arsenic</u>			
carcinogenesis	1061/76		
determination, in hair	1408/76		
determination, in urine	1115/76		
determination, method	753/76		
determination, method	1367/76		
effects on kidney (rats)	299/76		
effects on skin, occupational exposure	1314/76		
standards (OSHA)	1177/76		
<u>Arsine</u>			
poisoning (Great Britain)	454/76		
poisoning, diagnosis	1194/76		
standard samples in air	63/76		
<u>Asbestos</u>			
ambient air standard	220/76		
building code (London)	1430/76		
chrysotile, cytogenicity (hamsters)	217/76		
chrysotile, cytogenicity (mice)	217/76		
chrysotile cytogenicity (monkeys)	217/76		
chrysotile effects on DNA synthesis (rats)	219/76		
chrysotile, effects on lung fibroblasts	581/76		
chrysotile, fiber dimension, effects of milling	93/76		
chrysotile, inhibition of erythrocyte hemolysis	580/76		
chrysotile, lung calcifications from (Turkey)	1075/76		
chrysotile, miners, lung function (Quebec)	463/76		
chrysotile, synthetic, carcinogenicity (rats)	218/76		
cigarette smoke, carcinogenesis (hamsters)	334/76		
determination, dye adsorption method	1363/76		
determination, fiber alignment	335/76		
effects on gastric mucosa (guinea pigs)	1432/76		
effects on interferon (monkeys)	579/76		
fiber counting	221/76; 222/76; 1204/76		
fiber identification in water	1218/76		
fireproofing materials, hazards	840/76		
hazards (bk)	917/76		
hazards, occupational exposure	977/76		
hazards, taping compounds	95/76		
identification, method	223/76		
in office air	578/76		
in water (Lake Superior)	1449/76		
in water, relation to gastrointestinal cancer incidence (Duluth)	607/76		
leiomyosarcoma of diaphragm, occupational exposure	1076/76		
lung cancer from	577/76		
lung cancer incidence, shipyard workers (Plymouth, England)	839/76		
measurement in air, method	370/76		
measurement in feces, method	371/76		
mesothelioma incidence (Australia)	838/76		
mesothelioma incidence (London)	1336/76		
personal sampler	1205/76		
pore size determination	501/76		
respiratory tract deposition (rats)	216/76		
safe handling, structural remodeling	224/76		
sampling and identification methods	715/76		
Asbestos bodies, in lungs (Baltimore)	1431/76		
<u>Asbestosis</u>			
autoimmunity	575/76		
effects on visceral pleura	576/76		
<u>Asphalt industry</u> , toxic gas emissions	355/76		
<u>Aspirin</u> , gastric ulcer from	92/76		
<u>Asthma</u> , occupational	543/76		
<u>Audiometry</u>	338/76; 1210/76		
glossary	99/76		
programs, in-plant vs. contract	229/76		
<u>Automobile assembly industry</u> , heart attack incidence (England)	545/76		
<u>Aviation industry</u> , physiological effects, intercontinental flights	801/76		
<u>Azinphosmethyl</u> , toxicity (rats)	1066/76		
<u>Back</u>			
lower, pain, treatment	35/76; 935/76		
lumbar disc lesions	37/76		
x-rays, preemployment	1164/76		
<u>Barometric pressure</u> , physiological effects, surgeons	991/76		
<u>Benzanthrone</u>			
effects on blood coagulation (rats)	563/76		
urinary excretion (rabbits)	1317/76		
<u>Benzene</u>			
chlorinated, effects on hexobarbital metabolism (rats)	832/76		
criteria for occupational exposure (NIOSH)	1191/76		
effects on blood cells	1192/76; 1421/76		
effects on urinary phenol	81/76		
in blood determination	129/76		
leukemia from	569/76		
phenol level in urine, occupational exposure	447/76		
poisoning, diagnosis	65/76		
respiratory retention (dogs)	312/76		
<u>Benzidine</u> , bladder tumors, occupational exposure	304/76		
<u>Benzidine sulfate</u> , bladder tumors (rats)	1316/76		
<u>Benzo(a)pyrene</u>			
in air, determination	1466/76		
lung clearance (mice)	1062/76		
<u>Berylliosis</u> , diagnosis lymphocyte analysis	442/76		
<u>Beryllium</u>			
occupational exposure	1313/76		
sensitivity test	181/76		
<u>Beryllium oxide</u>			
inhalation effects (hamsters)	72/76		
inhalation effects (rats)	72/76		
<u>Biological monitoring</u> , chemical exposures	154/76		

<u>Biorhythm</u>	427/76	<u>Books, (Cont.)</u>	
effects in shift work	931/76	paint, manufacturing, health & safety guide	20/76
effects on accident incidence	740/76	pesticides, occupational disease from (California)	539/76
<u>Biostatistics (bk)</u>	279/76	pesticides, toxicity	278/76
<u>Bladder cancer, diagnosis</u>	1050/76	plastics, fire hazards	538/76
<u>Blood</u>		pneumoconiosis, coal-workers'	404/76
carbon dioxide tension	161/76	radionuclides, radiation spectra	795/76
cholinesterase, determinations, variability in	750/76	respirators, firefighters'	541/76
pressure, control programs (bk)	1285/76	safety codes, standards, index to	1043/76
pressure, recorder	1166/76	selenium	1387/76
<u>Books</u>		shift work	915/76
air pollution, control equipment	1044/76	skin disease, occupational	280/76
air pollution control, legal aspects	1148/76	smoke, physiological effects	1040/76
air pollution control, nitrogen oxides	148/76	surfaces, friction tests	541/76
air pollution control, steel industry	1149/76	surgery, orthopedic	150/76
air pollution control, sulfur dioxide	149/76	thorium protection	1147/76
air pollution, measurement	1045/76	threshold limit values, 1976 ed.	1283/76
asbestos, health hazards	917/76	toxic substances, 1975 edition (NIOSH)	277/76
biostatistics	279/76	toxicology	17/76; 913/76
blood pressure, control programs	1285/76	uranium protection	1147/76
cancer, occupational	403/76	ventilation	1284/76
chemicals, environmental pollution	1041/76	wastes, toxic, disposal	794/76
chemicals, industrial, toxicity	401/76	World Health Organization	540/76
combustion products, physiological effects	1040/76	<u>Bowel, cancer, occupational data</u>	153/76
cotton dust	1389/76	<u>Bromine, toxicity, inhalation (human)</u>	970/76
dermatitis, contact	18/76	<u>Bronchitis</u>	
dock work, safety & health	1150/76	chronic, incidence agricultural workers (USSR)	1289/76
dust personal sampler	20/76	dust-induced, diagnosis and treatment	670/76
electroplating, toxic materials in	280/76	<u>Buildings, high-rise safety</u>	1356/76
environmental impact, report preparation	793/76	<u>Burns, treatment</u>	58/76; 166/76
exposure levels, statistical tests	662/76	<u>Butyl alcohol, uptake (human)</u>	1420/76
fatigue	1146/76	<u>Byssinosis</u>	
furniture manufacturing, health & safety guide	20/76	from vegetable fibers, occupational exposure	462/76
hearing protectors, effectiveness	20/76	incidence cotton workers (Sudan)	1333/76
heat stress monitoring	20/76	<u>Cadmium</u>	
lead, exposure, ambient (Australia)	663/76	antibody suppression (mice)	177/76
liability, worker	1390/76	biliary excretion, effects of selenium (rats)	1411/76
loss control	916/76	biliary excretion, effects of zinc (rats)	1411/76
lung, occupational disease	791/76	bone lesions from (rats)	70/76
medical therapeutics	664/76	effects on heart(rats)	1175/76
metals, toxicity	402/76	effects on kidney	1165/76; 1173/76; 1174/76; 1309/76
migrant workers	1042/76	effects on kidney (rats)	70/76; 179/76
monitoring, employee, action level exposures	541/76	effects on liver enzymes (rats)	1060/76
noise	146/76	effects on lung enzymes	1309/76
nursing, cardiosurgical	151/76	environmental pollution	1307/76
nursing, care standards	1286/76	in hair (Cincinnati)	1410/76
occupational health	19/76	in kidney (Cincinnati)	1410/76
occupational health, family planning services	1151/76	in liver (Cincinnati)	1410/76
occupational medicine	16/76; 661/76; 792/76	in urine, determination	1118/76
occupational safety & health	914/76	Itai-itai disease (Japan)	178/76
occupational safety & health, directory	147/76	protective effects of phenobarbital (mice)	301/76
occupational safety & health, directory (Canada)	1388/76		
orthopedic measurements, international standards	918/76		
OSHA compliance	541/76		

<u>Cadmium</u> (Cont.)			
tobacco contamination	1308/76		
toxicity (human)	1172/76		
vascular effects (rats)	71/76		
<u>Cancer</u>			
environmental factors	669/76		
experimental, extrapolation of data	1153/76		
incidence (US)	238/76		
occupational (bk)	403/76		
occupational, control	1152/76; 1154/76		
<u>Carbaryl</u> , toxicity (rats)	1426/76		
<u>Carbon</u> , activated, pneumoconiosis from occupational exposure	226/76		
<u>Carbon black</u> , manufacture, dust control	236/76		
<u>Carbon dioxide</u>			
ambient concentration data (Los Angeles)	112/76		
ventilatory response, measurement technique	62/76		
<u>Carbon disulfide</u>			
effects on heart, occupational exposure	821/76; 966/76		
effects on nervous system (rabbits)	193/76		
poisoning, effects on blood catecholamines level	695/76		
<u>Carbon monoxide</u>			
blood levels, effect of smoking	973/76		
breath analysis, method	323/76		
effects on aortae (rabbits)	199/76		
effects on blood enzymes (rats)	1069/76		
effects on circulatory system (human, New Guinea)	433/76		
effects on heart (monkeys)	321/76		
effects on lung function (human)	1158/76		
effects on temporal discrimination (rats)	1183/76		
emissions, effect of catalytic converter (rats)	434/76		
heart disease from	61/76; 197/76; 822/76; 823/76		
poisoning	1182/76		
poisoning, diagnosis	65/76; 198/76		
<u>Carbon tetrachloride</u>			
levels in air	995/76		
liver tumors (mice)	1188/76		
methemoglobinemia from (rats)	690/76		
poisoning, occupational	689/76		
toxicity	1323/76		
toxicity, potentiation by isopropyl alcohol	1324/76		
<u>Carcinogens</u> , standards development	362/76		
<u>Cash register operators</u> , health hazards	1457/76		
<u>Catechol</u> , toxicity	1422/76		
<u>Cement</u> , skin burns	683/76		
<u>Cement industry</u> , effects on respiratory system	547/76; 1395/76		
<u>Chain saws</u> , safety, design	124/76		
<u>Chemicals</u>			
environmental pollution (bk)	1041/76		
health hazards	1302/76; 1397/76		
storage safety	368/76		
<u>Chlorinated hydrocarbons</u> , effects on kidney, occupational exposure	1165/76		
<u>Chloromethyl ether</u>			
formation from formaldehyde and chloride ion	963/76		
lung cancer, occupational exposure	451/76; 1178/76		
monitoring	752/76		
<u>Chloromethyl methyl ether</u> , lung cancer occupational exposure	962/76; 1178/76		
<u>Chloroform</u> , criteria for standard (NIOSH)	688/76		
<u>Chlorophenols</u> , toxicity	957/76		
<u>Chromates</u>			
effects on enzyme activity (rats)	450/76		
effects on tracheal epithelium (rats)	450/76		
<u>Chromium</u>			
effects on kidney (rabbits)	298/76		
effects on kidney (rats)	298/76		
sensitivity, relation to cobalt sensitivity	291/76		
<u>Chromium hexacarbonyl</u> , toxicity	699/76		
<u>Cigarette smoke</u>			
carcinogenesis (hamsters)	97/76; 334/76		
effects (hamsters)	97/76; 844/76		
hazards, occupational exposure	717/76		
<u>Cleaning agents</u> , fumes respiratory disease from	592/76		
<u>Clothing</u>			
disposable	125/76		
protective, against mineral acids	126/76		
<u>Coal mining industry</u>			
pollution control equipment	984/76		
safety program	253/76		
<u>Coal tar</u> , chemical and physical properties	574/76		
<u>Coal tar products</u> , toxicity	207/76		
<u>Coalminers</u>			
chest x-rays (US)	542/76		
lung function survey (US)	542/76		
<u>Cobalt</u>			
exposure control, tungsten carbide grinding	180/76		

Industrial Hygiene Digest Index

1976

<u>Cobalt (Cont.)</u> sensitivity, relation to chromium sensitivity	291/76	<u>Cyanamide</u> , determination method	876/76
<u>Coke industry</u> , lung cancer (US)	1163/76	<u>Cyanide</u> , poisoning, protection by ifenprodil (animals)	1184/76
<u>Cold</u> , physiological hazards, North Sea industries	1049/76	<u>Cyanoacrylate</u> , in air, removal by activated carbon	78/76
<u>Color safety</u> , effects of lighting on	1234/76	<u>D-D mixture</u> , dermatitis from	1301/76
<u>Combustible liquids</u> , safety	249/76	<u>Demolition</u> , safety	1465/76
<u>Combustion products</u> , physiological effects (bk)	1040/76	<u>Dentistry</u> , hepatitis hazard	43/76
<u>Compressed air</u> effect on blood pressure standard, occupational exposure (Great Britain)	1341/76 722/76	<u>Dermatitis</u> contact (bk)	18/76
<u>Concrete molding industry</u> noise hazards	471/76	contact, food handlers	684/76
vibration hazards	471/76	contact, from glue	682/76
<u>Confined areas</u> , working hazards	746/76	contact, meat handlers	681/76
<u>Construction industry</u> , safety 251/76; 1112/76; 1464/76		contact, tests	679/76
<u>Copper</u> determination in blood, method	1119/76	creosote	1407/76
determination in water, method	1119/76	from chemicals	1406/76
toxicity, protective effects of phenobarbital (mice)	301/76	occupational, rehabilitation	680/76
<u>Copperplate industry</u> , heat stress measurement (Yugoslavia)	474/76	sensitization	164/76
<u>Coppersmiths</u> , kidney disease	1172/76	<u>Dermatologist</u> , role in industrial medicine	432/76
<u>Coronary disease</u> , psychologic factors	675/76	<u>Detergent industry</u> dermatitis	940/76
<u>Corticosteroids</u> , production, occupational hazards	716/76	lung function	1335/76
<u>Corundum</u> dust, control	227/76	<u>Diabetes</u> , mortality data	45/76
dust, threshold limit value (USSR)	227/76	<u>Diallylglycol carbonate</u> , dermatitis occupational exposure	1299/76
<u>Cotton</u> dust (bk)	1389/76	<u>Diaminodiphenylmethane</u> , toxicity	835/76
dust, byssinosis, occupational exposure	1078/76; 1433/76	<u>Dianizidine sulfate</u> , bladder tumors (rats)	1316/76
dust, constituents	974/76	<u>Dibutyl phthalate</u> , embryonic and fetal effects (animals)	441/76
dust, chemical properties	331/76	<u>Dichlofenthion</u> , poisoning (human)	214/76
dust, protease content vs. byssinosis	589/76	<u>Dichlorobiphenyl</u> , metabolism (rats)	327/76
dust, toxicity (guinea pigs)	1334/76	<u>Dichloromethane</u> , carboxyhemoglobin from (rabbits)	75/76
trash content	1078/76; 1079/76	<u>Dieldrin</u> effects on liver enzymes (mice)	711/76
<u>Cotton textile industry</u> , byssinosis incidence	1077/76; 1201/76	effects on liver enzymes (rats)	1065/76
<u>Crane operators</u> , heart disease in	419/76	effects on nervous system (monkeys)	565/76
<u>Cumene</u> , respiratory absorption (human)	834/76	effects on plasma enzymes (rats)	1065/76
		effects on prostate enzymes (mice)	711/76
		metabolism (rats)	327/76
		tumorigenesis, chronic oral (rats)	831/76
		toxicity (monkeys)	710/76
		<u>Di-2-ethylhexyl phthalate</u> effects on gonads (rats)	1427/76
		toxicity (rats)	79/76
		<u>Diethyl-m-toluamide</u> , metabolism (mice)	85/76

<u>Dimethylcyanamide</u>		<u>Environment</u>	
toxicity (guinea pigs)	438/76	impact assessment, effects on plant	727/76
toxicity (mice)	438/76	site selection	606/76
toxicity (rats)	438/76	impact report (bk)	793/76
<u>Dimethylformamide, urine level, occupational exposure</u>	448/76	<u>Epidemiology, occupational, job classification in</u>	921/76
<u>2, 6-Dimethylphenol</u>		<u>Epoxy resins, dermatitis</u>	163/76; 938/76
toxicity (mice)	958/76	<u>Ergonomics</u>	36/76
toxicity (rats)	958/76	physicians role	924/76
<u>bis (Dimethylthiocarbamoyl) disulfide</u>		work place design	738/76
developmental toxicity (mice)	325/76	<u>Estrogen contraceptives, manufacture, occupational hazards</u>	824/76
developmental toxicity (rats)	325/76	<u>Ethanol</u>	
<u>Diethyltindichloride, effects on thymus (rats)</u>	303/76	occupational exposure, operating rooms	969/76
<u>Diquat</u>		toxicity	89/76
toxicity (mice)	84/76	<u>Ethyl acetate</u>	
toxicity (rats)	84/76	metabolism (rats)	205/76
<u>Dithiocarbamates, toxicity</u>	707/76	<u>Ethylene thiourea</u>	
<u>Diving</u>		teratogenic effects (human)	1068/76
commercial, fatalities (North Sea)	1087/76	thyroid carcinogenicity (human)	1068/76
commercial, safety	872/76; 1013/76	<u>Ethyleneimine, toxicity (rats)</u>	1339/76
<u>Dock work, safety & health (bk)</u>	1150/76	<u>Exposure levels, statistical tests (bk)</u>	662/76
<u>Dust</u>		<u>Exhaust system, industrial</u>	1215/76
control equipment	1082/76	<u>Eye, protection programs</u>	366/76; 624/76; 1242/76
counting method	1256/76	<u>Farmer's lung</u>	
explosion control	627/76	antigens	975/76
measurement, Visual	333/76	relation to coeliac disease	671/76
particle size analysis	357/76	thermoactinomycetes in	842/76
personal sampler	1248/76	<u>Fatigue</u>	807/76
personal sampler (bk)	20/76	(bk)	1146/76
respirable, measurement instrument	96/76	effect on muscle tests	806/76
<u>Ear</u>		in production line work	933/76
anatomy and physiology	596/76	<u>Fenitroaxon</u>	
plugs, effectiveness	847/76	toxicity (guinea pigs)	324/76
protectors, comfort	597/76	toxicity (rabbits)	324/76
protectors, performance measurement method	595/76	toxicity (rats)	324/76
<u>Egress, emergency, criteria document (NIOSH)</u>	1003/76	<u>Fenitrothion</u>	
<u>Electric power system</u>	1250/76	S-methyl, toxicity (guinea pigs)	324/76
<u>Electrical equipment</u>		S-methyl, toxicity (rabbits)	324/76
safety	127/76	S-methyl, toxicity (rats)	324/76
standards (OSHA)	1098/76; 1233/76	<u>Ferric dimethyldithiocarbamate</u>	
<u>Electricity, high voltage, physical effects, occupational exposure</u>	1435/76	developmental toxicity (mice)	325/76
<u>Electroplating, toxic materials in (bk)</u>	280/76	developmental toxicity (rats)	325/76
<u>Engineering, design, safety</u>	1450/76	<u>Fibers</u>	
		counting method	94/76
		lung deposition	464/76

<u>Fibrous glass</u>			
effects on lung	465/76; 581/76; 582/76; 583/76		
fiber dimension, effects of milling	93/76

<u>Phenylglycine chloride hydrochloride</u> , allergy, occupational exposure	1429/76	<u>Polydimethylsiloxane</u> effects on reproduction (rabbits)	1067/76
<u>Phosalone</u> toxicity (dogs)	956/76	effects on reproduction (rats)	1067/76
toxicity (rats)	956/76; 1066/76	mutagenic effects (rabbits)	1067/76
<u>Phosgene</u> , standard samples, in air	63/76	mutagenic effects (rats)	1067/76
<u>Physical examinations</u>	26/76	<u>Postal service</u> , occupational health program (Great Britain)	737/76
<u>Physical performance</u> , experimental (human)	1295/76	<u>Pottery industry</u> pneumoconiosis, prevention	841/76
<u>Plastics</u> , fire hazards (bk)	538/76	tuberculosis (Great Britain)	1155/76
<u>Plastics industry</u> , dermatitis	162/76	<u>Power presses</u> , safety	747/76; 869/76; 870/76
<u>Platinum</u> in urine, determination	1368/76	<u>Preemployment examinations</u> nurse's role	21/76 667/76
nasal ulceration, occupational exposure	167/76	<u>Pressure vessels</u> , safety	1111/76
<u>Plutonium</u> hazard evaluation, occupational environment	478/76	<u>Printing ink</u> , hazards, occupational exposure	1193/76
toxicity (animals)	481/76; 482/76	<u>Professional counseling</u> , industrial program	22/76
toxicity (human)	479/76; 480/76	<u>Protective clothing</u>	498/76; 619/76; 620/76
<u>Pneumoconiosis</u> coalworkers' (bk)	404/76	<u>Protective equipment</u> , personal	1244/76; 1245/76
coal workers', relation to coal chemistry	1055/76	<u>Proteolytic enzyme</u> , occupational exposure detergent industry	1335/76
pulmonary function tests for	53/76	<u>Psychiatric treatment</u> , effect on employment progress	286/76
<u>Police</u> , job safety program (Los Angeles)	1004/76	<u>Psychological stress</u> , in young workers	23/76
<u>Pollution</u> control	1350/76	<u>Public employees</u> , occupational safety & health program	1226/76
control, costs	727/76	<u>Quartz</u> , effects on development of conio- tuberculosis	714/76
health hazards	728/76	<u>Radiation</u> aircraft exposure	477/76
<u>Polyacrylamide</u> , gel, allergy occupational exposure	704/76	dosimeters	351/76; 352/76
<u>Polychlorinated biphenyls</u> developmental toxicity (mice)	328/76	laboratory exposure	476/76
effects on liver (rats)	200/76	magnetic fields, effects on metabolism (rats)	604/76
malignant melanoma, occupational exposure	1057/76	microwave, physiological effects, occupa- tional exposure	993/76
metabolism (rats)	1195/76	ultraviolet, effect on eyes	232/76
toxicity	329/76; 330/76	ultraviolet, measurement instrument	603/76
toxicity (rats)	328/76	<u>Radioactive compounds</u> , occupational exposure, hazard control	724/76; 725/76
<u>Polycyclic aromatic hydrocarbons</u> in air (Los Angeles)	730/76	<u>Radionuclides</u> contamination treatment	348/76
in air, determination	1015/76	radiation spectra (bk)	795/76
in particulate matter, determination	372/76		
<u>Polycyclic organic compounds</u> , sampling method	1258/76		

<u>Railroad industry</u> , mortality (Italy)	920/76	<u>Safety (Cont)</u>	
<u>Rayon production</u> , air pollution control	486/76	equipment	252/76
<u>Records</u>		hats	367/76
biostatistical, system	1456/76	legislation	1252/76
environmental, system	1456/76	management	243/76; 1011/76; 1237/76; 1459/76
occupational safety & health, guidelines	1093/76	occupational	1461/76
<u>Rectus muscle sheath</u> , hematoma	677/76	products, directory	622/76; 1009/76; 1010/76
<u>Refuse collection industry</u> , safety in	874/76	programs	244/76; 369/76; 621/76
<u>Rehabilitation</u> , occupational nurse's role	1292/76	623/76; 735/76; 739/76; 1354/76; 1357/76; 1463/76	
<u>Replantation</u> , severed extremities	48/76; 49/76; 50/76	research	242/76
<u>Resorcinol</u>		role of security officer	1253/76
respiratory effects	1325/76	showers	248/76
toxicity	1422/76	<u>Salol</u> , toxicity (dogs)	567/76
<u>Respirators</u>		<u>Sarin</u> , effects on nervous system (monkeys)	565/76
1246/76; 1247/76; 1249/76		<u>Sawmill</u> , safety	1110/76
cartridge efficiency	1359/76	<u>Sedentary work</u> , physiological effects (females)	412/76
dust, effect on respiration	285/76	<u>Selenium</u>	
firefighter's (bk)	541/76	(bk)	1387/76
organic vapor, cartridge life	629/76	determination	753/76; 1017/76
<u>Respiratory disease</u> , allergic, occupational	1287/76	in air, xerography rooms	439/76
<u>Rings</u> , safety hazards	1236/76	in blood (Tuscany, Italy)	951/76
<u>Rubber industry</u>		in hair (Tuscany, Italy)	951/76
bladder cancer	797/76	in urine (Tuscany, Italy)	951/76
cancer incidence (Akron, Ohio)	414/76; 415/76; 416/76	relation to neonatal death rate	559/76
mortality (Akron, Ohio)	414/76; 415/76; 416/76	<u>Sewage</u> , chlorinated hydrocarbons in	1092/76
mortality (US)	919/76	<u>Sewage plants</u> , health hazards (Sweden)	1208/76
respiratory disease	281/76; 282/76	<u>Sheet mill</u> , occupational hazards	38/76
796/76; 1074/76; 1157/76; 1325/76		<u>Shift work</u>	
<u>Rubber solvent</u>		(bk)	915/76
inhalation effects (cats)	73/76	physiological effects	287/76; 427/76
inhalation effects (dogs)	73/76	safety factors	247/76
inhalation effects (human)	73/76	<u>Shipping industry</u> , safety & health (bk)	1150/76
inhalation effects (rats)	73/76	<u>Shipyards</u>	
<u>Rug manufacture</u> , work capacity	1345/76	asbestos exposure vs. lung cancer (Plymouth, England)	839/76
<u>Ruthenium</u> , nasal ulceration, occupational exposure	167/76	lead exposure (Finland)	827/76
<u>Safety</u>		occupational health problems	804/76
belts	1007/76	<u>Shoes</u> , safety	1462/76
building design	1251/76	<u>Shoe manufacture</u> , polyneuropathy incidence (Italy)	809/76
codes, standards, index (bk)	1043/76	<u>Sickness absence</u> , certification, physician's role	24/76
color - coding	736/76	<u>Silica</u>	
electrical	743/76; 744/76; 745/76	effects on alveolar macrophages (rabbits)	461/76
electrical, in hospitals	1460/76	lipid peroxidation	584/76
		standard (OSHA)	587/76; 1176/76
		standard, criteria for	225/76

<u>Silicosis</u>			<u>Sprout pickers, occupational diseases</u>	1052/76
autoallergy in	585/76		<u>Stamping, hand operation, work capacity</u>	1344/76
diffuse, in foundry workers	1394/76		<u>Standardized mortality ratio, validity of</u>	422/76; 424/76
in gold mining (Japan)	930/76		<u>Standards</u>

		legislation	861/76
<u>Tetrachlorodibenzo-p-dioxin, toxicity (rats)</u>	566/76	<u>Toxicity, industrial chemicals (bk)</u>	401/76
<u>Tetrachloroethylene</u>		<u>Toxicology</u>	
alveolar concentration (human)	570/76	(bk)	17/76; 913/76
metabolism (guinea pigs)	1190/76	statistical methods	206/76
<u>Textile industry</u>		<u>Trichloroacetic acid, analysis in blood</u>	374/76
hearing loss	1403/76	<u>Trichloroethane, effect on barbiturate hypnosis (mice)</u>	694/76
noise control (USSR)	720/76	<u>Trichloroethanol, analysis in blood</u>	374/76
<u>Thallium, blood levels (children)</u>	176/76	<u>Trichloroethylene</u>	
<u>"40 Thinner"</u>		exposure, blood vs. urine levels	693/76
toxicity, inhalation (cats)	944/76	metabolism (human)	305/76
toxicity, inhalation (dogs)	944/76	effects on heart	819/76; 820/76
toxicity, inhalation (human)	944/76	<u>2, 4, 5,-Trichlorophenoxyacetic acid, embryotoxicity (rats)</u>	1332/76
toxicity, inhalation (rats)	944/76	<u>Triethylenetetramine, dermatitis, occupational exposure</u>	938/76
<u>"50 Thinner"</u>		<u>Trinitrotoluene</u>	
toxicity, inhalation (cats)	942/76	biochemical effects	314/76
toxicity, inhalation (dogs)	942/76	occupational exposure (USSR)	315/76
toxicity, inhalation (human)	942/76	occupational exposure, iron miners (USSR)	437/76
toxicity, inhalation (rats)	942/76	<u>Tri-o-tolyl phosphate, immunological effects (chickens)</u>	705/76
<u>"80 Thinner"</u>		<u>Tris (2, 3,-Dibromopropyl) Phosphate, skin sensitization</u>	552/76
toxicity (cats)	941/76		
toxicity (dogs)	941/76		
toxicity (human)	941/76		
toxicity (rats)	941/76		
<u>Thorium, protection (bk)</u>	1147/76		
<u>Thorium nitrate</u>			
effects on kidney (rats)	700/76		
effects on liver (rats)	700/76		

<u>Truck drivers, occupational health problems</u>	985/76	<u>Vinyl chloride (Cont.)</u>	
<u>Trucking industry, safety</u>	250/76	metabolism (rats)	316/76
<u>Tuberculosilicosis</u>		mortality, occupational exposure	183/76
autoallergy in	585/76	poisoning, immunological effects	692/76
detection, in industry	284/76	poisoning, symptoms	76/76; 1072/76
<u>Tungsten carbide, manufacture, cobalt exposures in</u>	180/76	pulmonary function effects, occupational exposure	475/76
<u>Tunnels</u>		teratogenic effects (human)	186/76
maintenance, safety	1113/76	toxicity	184/76
marine, safety	365/76	<u>Vinyl ether, acro-osteolysis from</u>	77/76
<u>Ultrasound, effect on DNA</u>	101/76	<u>Viruses, in air, determination</u>	1121/76
<u>Uranium</u>		<u>Wastes</u>	
mining, lung cancer from	1296/76	hazardous, disposal	110/76; 111/76
protection (bk)	1147/76	toxic, disposal (bk)	208/76; 794/76
<u>Vegetable fibers, lung diseases, occupational exposure</u>	332/76; 462/76	<u>Welding</u>	
<u>Ventilation (bk)</u>	1284/76	electrocardiographic effects	421/76
<u>Vibration</u>		fumes, chrome alloy steel	1409/76
control	231/76	fumes, effects on lungs (rats)	1434/76
disease	29/76; 30/76; 31/76	fumes, fluoride exposure	212/76
32/76; 345/76; 980/76; 982/76		fumes, toxicity	302/76; 346/76
effects on menstrual cycle (human)	413/76	helmet, effect on respiration	285/76
effects on mercury metabolism	983/76	respiratory effects	1185/76
effects on performance (human)	599/76	ultraviolet radiation hazards	346/76
hand tools, measurement	979/76	<u>Women</u>	
hazards, forestry workers (Japan)	1213/76	employment of	1224/76
hazards study (NIOSH)	469/76	occupational hazards to	411/76; 1101/76
physiological effects	107/76; 108/76	pregnant, employment examinations	1225/76
723/76; 845/76; 932/76		<u>Work</u>	
standards	981/76; 1441/76	load, effects on circulation	808/76
standards (USSR)	1442/76	monotonous, rhythms	1347/76
white finger syndrome, air hammer operators	468/76	<u>Worker's compensation</u>	
white finger syndrome, chain saw operators	467/76	advances	609/76; 1102/76
<u>Vinyl chloride</u>		cost control	1231/76
acro-osteolysis, occupational exposure	1054/76	effect on accident rate	997/76
combustion, toxicity	319/76	<u>Working hours, overtime, physiological effects</u>	1053/76; 1458/76
effects on circulatory system, occupational exposure	1326/76	<u>World Health Organization (bk)</u>	540/76
effects on skin	1171/76	<u>x-rays, chest computer reading</u>	41/76
genetic effects (human)	568/76; 965/76	<u>Xylene</u>	
in air determination	187/76	occupational exposure, NIOSH criteria	1064/76
187/76; 373/76; 1254/76; 1255/76		<u>Xylenes</u>	
in water determination	1364/76	mixed, inhalation effects (cats)	74/76
liver cancer	691/76; 964/76; 1179/76	mixed, inhalation effects (dogs)	74/76
liver cancer (Great Britain)	318/76; 1071/76	mixed, inhalation effects (human)	74/76
liver damage diagnosis, greyscale ultrasonography	1327/76	mixed, inhalation effects (rats)	74/76
liver damage, occupational exposure	1328/76	<u>Zinc, determination</u>	1118/76
manufacture, hazard control	185/76; 816/76	<u>Zinc chromate, dermatitis, occupational exposure</u>	686/76
metabolism (rats)	316/76; 815/76; 1070/76
