Significant' Midwest Tremor

Shake Jars Eight States

DUIS, Mo. (AP) — 4.5 and 5 on the Richter
thquake rumbled
scale. The disastrous Alas-
kan earthquake of 1964 hit
the Midwest
ay night, shaking
eight states. No
or serious damage
ported.

"There's no doubt about
it," said Kisslinger, "it
was an earthquake, and it
was a significant earth-
quake for this part of the
world. If the center had
been under a city, there
would have been a lot of
damage."

Kisslinger said the quake
centered about 200 miles
west of St. Louis, near the
Kansas-Missouri border.

But Dr. James Peoples, of
n of the geophysicists
at St. Louis the University of Kansas,
Ky., said the quake occurred
corded at between within a 300-mile radius of

the Lawrence campus, 35
miles west of Kansas City.
Early reports were heav-
est throughout south-
central and central Missouri.
Some houses in that area
reportedly swayed.

Apparently the quake
spread from a lightly popu-
lated area outward — to
Chicago, Memphis, Omaha
and hundreds of other
cities.
