Peg,

Under separate cover I am forwarding you approximately 1,500 of the M.S.D.S. sheets which were revised in June 1986. I am anticipating that you will keep 500 and turn over to the plant 1,000.

I requested, yesterday, that 4,000 additional copies be printed and that 2,000 be sent directly to the Riverside plant and the other 2,000 be sent to me.

If anyone has any questions please contact me.
