FILE NAME: Drywall Spackling Compounds (DWSC)

DATE: 1977 Aug 22

DOC#: DWSC061

DOCUMENT DESCRIPTION: Letter from Macklanburg Duncan Company to the US Consumer Product Safety Commission

August 22, 1977

Secretary
U. S. Consumer Product Safety Commission
Washington, D. C. 20207

RE: Ban on Consumer Patching Compounds

Gentlemen:

Thank you for asking M-D to comment on the Proposed ban on consumer patching compounds. M-D has manufactured spackling compounds for many years, but we have not used asbestos in the manufacture of our product. Consequently, the ban would have no direct effect on us, as long as we are able to market our non asbestos patching compound.

Sincerely,

Wendell J. Wigley
Product Planning Manager
