Mr. J. A. Carleton
Newport News Shipbuilding & Dry Dock Company
Newport News, Virginia

Dear Mr. Carleton:

This will confirm our telephone conversation with you and Mr. Barter. I am enclosing two (2) brochures which you may want to pass along to Mr. Barter. On the inside of this brochure, page 1, we tell you about our Flamegard treatment and what it does to all types of cloth. No. 2 is the second step where we apply our yellow coating. Also, on page 2, you will find a sample of our #6374 and the uses specifically involving shipyard work. This cloth is most generally sold 36" wide, but can be obtained in other widths, and the price is \$5.80 per square yard, F.O.B. Charlotte, N. C., Freight allowed on shipments of 200 lbs. or more, 1%, 10th Prox.

We have forwarded to you via Air Express today five yards of our #6374 yellow cloth for your evaluation.

Yours very truly,

J. T. Griffis
Sales Manager
