PFAS in NeRSAP

NeRSAP

- Network on REACH SEA and analysis of alternatives practitioners
 - ECHA and national authorities (MSCAs)
 - SEAC members
 - Industry and consultants
 - NGOs

... to exchange on advances and review of concepts, methods and experiences focussed on practical concepts for Socio-economic Analysis (SEA) and Analysis of Alternatives (AoA) on EU-wide or national chemicals management implementation.

- Chatham House rules

NeRSAP goes WeRSAP

- Web-based NeRSAP held Nov 2020, host: ECHA
- Next planned before summer, host NL
- Idea topic WeRSAP:
 - Specific challenge SEA and AoA large group Annex XV Restriction Dossiers
 - PFAS as recent example

Proposal: use WeRSAP for brainstorming on How to do an Impact Assessment for a Restriction of this kind

Discussion: Impact Assessment large group
Restrictions with PFAS as running example

Should we take this forward?

Suggestions how to tackle?
