Hi Quin! July 10th looks good for me, and I will check with the others to see what their schedules allow.

Let's also grab lunch soon. I am copying in Robin - she's the Chief of Staff in our Policy Office and all-star coordinator.

Best,  
Samantha

Samantha: Thanks again to you and other teammates for putting together Monday's discussion with the Administrator, which the IOU community execs found to be valuable and a promising first step in what likely will be a longer, constructive process.

On a related matter, it's been a couple of months since EEI brought in a several of our key member company environmental policy thought leaders to discuss with you, Mandy and Brittany a range of major issues of mutual interest. EEI took away several follow-up items from that meeting and would like to circle back with you on those issues. Given both the time of year (i.e., attempts at vacation) and your routinely hectic schedule, perhaps you could suggest some potential windows the week of July 10.

Finally, if the offer still stands, I'd definitely like to take you up on the lunch offer. My schedule is pretty flexible after next Wednesday, so let me know.

Cheers, Quin

Samantha: Thanks for taking a few minutes to chat. The logistics (cell lines and poor connection) weren't optimal, so please know that we look forward to this important session, are sensitive to the demands on the Administrator's schedule, and appreciate both his invite and the efforts by you, Mandy and the rest of the team. We will be as helpful and responsive as possible on any topic that's on the Administrator's mind, period. Have a good weekend, and thanks again. Best, Quin

Hi Samantha. I have to leave a bit early today, so let me give you my cell number: 202-669-4345. I'm reachable any time over the weekend. I do think it's important to chat briefly to provide some insights as to how our group is approaching the EPA meeting, including key issues and themes. Thanks again,  
Quin

Correct. We want to meet with you and other staff members on the new team that you deem appropriate. Our group will be company environmental SVPs/VPs. It's our sense this meeting will set up a subsequent session between CEOs and the Administrator. Sound ok?

Robin: Thanks again for reaching out and for indicating some flexibility for the 13<sup>th</sup> was possible. In fact, all of my folks can come in for a meeting on the 13<sup>th</sup>, while many companies are off on Friday because of the holiday. If the 10 a.m. slot is still available, that was the consensus choice at our end. Let me know. Best, Quin

P.S., here is a quick rundown of attendees from EEI, though we'll get you something a bit more formal later on:

Chuck Barlow, Entergy

Cari Boyce, Duke Energy

Skiles Boyd, DTE Energy

Maureen Gannon, PNM Resources

Ann Loomis, Dominion

John McManus, AEP

Frank Prager, Xcel Energy

Usha Turner, OG&E

Cathy Woollums, Berkshire Hathaway Energy

Emily Fisher, EEI General Counsel

Quin Shea, VP, Government Affairs

Kathy Steckelberg, VP, Government Affairs

Hi Robin. I need to send a note to about eight folks who are scattered all over the country to see if the April 14<sup>th</sup> Friday morning slots will work for most folks (but not 3 p.m., as they will want to travel home that day). Are afternoon slots on the 13<sup>th</sup> definitely out? I just want to have as many potential windows as possible. Let me know either way regarding the 13<sup>th</sup> as well as 14<sup>th</sup>, but either I or my assistant, Cynthia Trueheart, will follow up with you by mid-day tomorrow. Thanks, Quin

Hi

Samantha asked me to touch base to find some time to make this work. Friday 4/14 looks best for her. Would 10:00, 11:00 or 3:00 work? if not, we can propose other times/dates. Thanks very much and take care.

Thanks Samantha. I'll have a group of Environmental SVPs/VPs coming in from out of town, so a little advance planning definitely is needed. How is your schedule on April 12, 13 and 14? If you give me some windows that work for you, I can then check OG&E and other schedules to maximize turnout. (As a point of reference, our environmental leadership team is about eight companies.) It also would be useful if you and I chat in advance regarding the anticipated scope of that session. Quin

Good morning Samantha. Recognizing that the overall situation at the agency remains fluid and a beehive of activity, I nonetheless trust that you are easing in and fully in control!

We've been communicating regularly with OG&E's Sean Trauschke, who in turn spoke recently with Ryan about scheduling a meeting between the Administrator and EEI's environmental leadership CEOs. We'll work directly with Ryan on the specifics of that session. In the interim, however, these same CEOs are requesting that EEI assemble a small group of their senior company staff to come in and meet with you and your colleagues. From our perspective, this session would focus on key substantive and process (e.g., permitting and siting) issues, as well as the general EPA institutional landscape. When you get a moment, could you call me to discuss this item?

Thanks again for your past courtesies and I look forward to speaking with you soon. Best, Quin

Samantha: Thanks again for efforts by you, Millan and others on the EPA team in arranging for Administrator Pruitt to address the EEI Board of Directors. The Administrator's remarks were extremely well received and provided ample food for thought going forward. In that vein, during the Q&A session the Administrator requested a list of current and pending milestones in cases impacting EEI's members. An initial list is attached. Importantly, it focuses on items that EEI has traditionally engaged and/or where industry unanimity has been established. Individual EEI member companies may supplement this list with additional priorities related to their local operations.

I hope you find this note responsive to the Administrator's request. I will follow up with you relative to this and other matters we discussed at the EEI meeting.
