Separate issue from 404 permit, but this issue was raised by the National Fisheries Institute, the seafood trade association, in the comment period on over-regulation that just closed. You should skim this article...remember, this is Slate...this is the Office of Water at its worst....

Ryan

Good talking to you.

I just agreed with your press officer to provide a quote in support of Alex Dunn. I will do so in my current position as President, American College of Environmental Lawyers.

Re Peter Wright

My recommendations as to a few other people to reach out to, as you have done to me

John Milner

John is the current chair of the ABA Section on Environment, Energy, and Resources. He is a partner in the Mississippi law firm of Brunini Grantham. E mail address is jmilner@brunini.com

Lee DeHihns

Lee is a past chair of the ABA Section and currently on the ABA board of governors. And, he is a past deputy regional administrator of Region 4. Well regarded in the Environmental community. E mail at Lee.Dehihns@alston.com

If you decide to contact these individuals you can advise them you are doing so at my suggestion and that I have decided to endorse Peter for the AA position

I am probably the only Democrat to have already endorsed Susan Bodine, Bill Wehrum, and Matt Leopold. They are all strong candidates. Susan and Bill were former clients of mine when I was at DOJ, and Matt is a former colleague.

John
