LOCATION: Acme

PLAINTIFF'S EXHIBIT

GP-769

We manufactured one batch (27 bags) of One Day using Tex-38.
We are sending one bag to you and a few lbs. parcel post to
Mr. O'Neill.

We will hold the remaining 26 bags here at the plant until we
receive word as to where and when to ship.

When we receive the BR-39 molding, we will make a batch
using it.
