Mr. J. C. T. Fell
Turners Asbestos Fibres Limited
Faulkner Street
Manchester 1, England

REC'D 26 JUL 1965

Dear Mr. Fell:

I'm replying to your letter of June 15, 1965 on the subject of our 1966 asbestos fiber requirements.

There has been some change in our estimate forwarded to Mr. Howe on February 5, 1965. Our preliminary estimate for next year's requirements is as follows:

Fiber	Tons
Cassiar AK	7,600
Cassiar AX	7,600
C&G/3	2,300
C&G/4	4,600
C&G/5	4,600
TA/K Blue	6,300
Total	33,000

Of course, we hope that you will be able to supply these specific grades in the quantities noted. If you will require substitutions for specific grades, please advise us as to your recommended alternates.

Very truly yours,

R. L. Lanz
Vice President
