Robert A. Kehoe, M. D.  
The Kettering Laboratory  
Department of Preventive Medicine  
and Industrial Health  
College of Medicine  
University of Cincinnati  
Cincinnati 19, Ohio

Dear Doctor Kehoe:

Enclosed is the material on lead poisoning among orchard workers in Washington, which I discussed with you in June. I am sorry that I delayed in forwarding this to you earlier, but I have been out of town and "just plain forgot" to do this until the other day.

As you remember, I stated this had not been published anywhere, and I am merely forwarding it for your information. If you should feel that it is a contribution to the literature, even at this late date, I would be willing to explore such steps you might think necessary for publication.

It was indeed a pleasure meeting you, and I hope I may have the opportunity to see you again in the near future.

Sincerely,

*L. E. Kerr*

Lorin E. Kerr, M. D.  
Assistant to the  
Executive Medical Officer
