Dear Dr. Pistawka:

Many thanks for your detailed and helpful letter on pulmonary function testing equipment.

I should have liked to have attended the Conference on Pneumoconiosis but I could not fit it into my schedule at such short notice. If further regional conferences of this nature come to your attention, I should be grateful if you would let me know about them.

I plan to come and visit you when your pulmonary function laboratory is set up, and I hope you will plan to visit Haskell Laboratory when you are visiting the southeastern portions of Pennsylvania.

Sincerely yours,
