W. B. Papageorge - St. Louis General Offices

October 30, 1972

Messrs.

W. R. Corey
K. W. Easley
J. F. Stapleton

I have attached a copy of a proposed draft of a response to Dr. Terry Davies' letter dated October 25.

Dr. Davies is aware of the German mine fluid application.

I suspect our response will be made available to the general public.

Any comments?

W. B. Papageorge
