Mr. A. E. Hines
The Bureau Laboratory
P. O. Box 982
Carmichael, New York

Dear Mr. Hines:

It is good news to hear that you expect the "Experimental Studies of Anthrax" to be published in the Archives of Industrial Hygiene and Occupational Medicine within the next month.

We shall appreciate getting the twenty-five copies of the reprints of the article which you say you have asked the Editor to supply.

With many thanks for passing on this information to us and with very best wishes for the New Year,

Yours sincerely,

J. P. Macfarland
