Dear Dr. Kehoe:

The New York office of the Texas Company have requested that we furnish them with a copy of your letter to the doctor who handled the Parente alleged poisoning case.

You will recall that [REDACTED] is an employee of the Texas Company and is located at Bayonne, New Jersey. Unless your letter was confidential, we should like to accede to their request, as they have been very cooperative in connection with all phases of our safety program.

Very truly yours,

O. B. Lewis.
