ADDRESS Los Angeles

SUBJECT [REDACTED]

DATE March 22, 1946

Dear Dr. Kehoe:

The case of [REDACTED], who recently complained to us of lead poisoning, has apparently straightened itself out.

I was recently in touch with Mr. Hall of the California Construction Company, who reported to me that the Pacific Employers' Insurance Company's physician, Dr. Johnstone, has reported finding that Mr. Flinn's difficulty is gall bladder trouble and that he shows no symptoms of lead poisoning.

We therefore presume that this complaint has been satisfied, and unless we hear further, we will consider the case closed.

Yours very truly,

A. H. Chenault
