November 14, 1941

Mr. Charles Wasserman
P.O. Box 1271
Wilmington, Delaware

Dear Mr. Wasserman:

Thank you for your letter of October 20,
to which I have been unable to answer because
of my absence from the laboratory.

I am glad to see that you think it is
perfectly feasible to reduce the amount of
gasoline used in the washing of drums and will
follow with interest any cooperative work that
you and Les Roberts may do on this problem.

Cordially,

WM:vr

Willard Machle, M.D.
