EPA - Invitation to EPA Administrator Pruitt from Am Foundry Society[1].docx

Hi Robin & Samantha,

Hope you're doing well today. I'm meeting with the AFS team here in Charlotte today & tomorrow and wanted to check on the AFS Fly-In breakfast invitation (attached). I know Administrator Pruitt will be out of the office, but was wondering if Samantha would be able to fill in Scott's shoes. ;-)

Roddey Dowd and team are looking for an overview on where the EPA is headed, its priorities, and solutions to real world problems. They don't foresee a technical talk at all. Big picture stuff at this point.

Anyway, let us know if you have any questions I can answer...and thank you for your consideration of this request. These are a great group of Americans!

Stuart
