Dr. R. A. Kehoe,
Dept. of Physiology,
College of Medicine,
University of Cincinnati,
CINCINNATI, Ohio.

Dear Dr. Kehoe,

Many thanks for your letter of October 14th advising me that you have forwarded to New York the reprints which I asked for. I expect to receive these from them in the near future.

I am very glad to hear from you also that the publication of your book will take place shortly. We look forward with very great interest to receiving this, since it will be of tremendous value to us in some of the work that we are attempting to do here at present.

I am sure that the publication of this book must have involved an immense amount of work and taken up a very great deal of your time. As you say, however, the result will undoubtedly justify the effort.

We have made no further headway up to the present with our Swiss friends, and the matter at the present time is being considered by one or two University Professors in the country. I do not know how far their information will help us since to me it appears to be quite clear that the only hope we have of obtaining a satisfactory result in this country is to convince one Professor Zangger, of whom I think you have heard before. This is not going to be an easy matter since Professor Zangger, as you know, published a very unfortunate document, from our point of view, on the subject as long ago as 1926, and at the present time he does not seem at all disposed to retract this in public. This is something, however, that we shall have to achieve before we can hope to get the ban removed by the Swiss Authorities.

Prospects for starting some small business appear to be a little brighter in a few of the European countries. This will probably start with aviation business, but this type of business usually gives us a small foot hold on which to develop later our commercial business. We are hoping within the next six months to have a fairly wide distribution of Ethyl aviation gasoline not only throughout Europe, but also through a number of other countries such as Africa, India etc. We have reached no agreement on this as yet, however,

TO.....

DATE.....

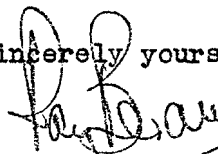

so the information is confidential.

I sincerely hope that you will pay us a visit sometime in the near future, since I would very much like to see you again. I hope that you will be able to arrange this possibly within the coming year.

Please give my kindest regards to Mrs. Kehoe and Kathleen.

With all best wishes to yourself,

Sincerely yours,
