

1 Q Have those articles been published in peer-
2 reviewed journals?

3 A Yes, sir.

4 Q Are you presently involved in any
5 asbestos -- or have you ever been involved in any
6 asbestos-related research?

7 A Yes, sir, I have.

8 Q Can you tell us what areas and what types,
9 please.

10 A I have been involved in laboratory studies
11 of how asbestos injures cells and how it may lead to
12 developing cancers.

13 I have done these experiments while at the
14 National Cancer Institute, and I continue to do
15 experiments such as those while at Johns Hopkins.

16 Q When did your interest in that particular
17 area begin, or how long have you been doing that type
18 of research?

19 A I really began that type of work while I was
20 at the National Cancer Institute in the early 1980s.

21 Q Have you continued that research up to the
