Dear Dr. Kehoe:

Thank you for your letter of July 9, 1957.

I am sorry to learn that there apparently are no records available from you concerning Mr. Floyd Butler which would indicate in a positive way a normal or abnormal hemoglobin or other blood evaluations.

I hope as you do that the exchange of rather sharp letters between myself and your people will not stand in the way of our mutual respect and friendship.

Very truly yours,

D. W. CALDWELL, M.D.
