NOTIFICATION OF PROPOSED PENALTY

This citation and the penalty(ies) proposed by the Secretary of Labor shall be deemed to be the final order of the Occupational Safety and Health Review Commission for independent agency with authority to review decisions respecting citations and proposed penalties and not subject to review by any court or agency unless, within 15 working days from the date of receipt of this notification, you submit a letter of protest. The letter of protest should be mailed or otherwise delivered to the Area Director named below at the address shown at the top of this notification. If no notice of protest is filed within the 15 working day period the proposed penalty(ies) becomes final and is immediately payable.

Payment of all penalties shown is to be made by check or money order payable to the order of "Occupational Safety and Health-Labor". Payment should be remitted to the Area Director at the address shown above.

Section 17(1) of the Act states: "Civil penalties owed under this Act shall be paid into the Treasury of the United States and shall accrue on the liquid basis and may be recovered in a civil action in the name of the United States brought in the United States district court for the district where the violation is alleged to have occurred or where the employer has its principal office."

On the 7th day of AUGUST, 1975, a citation was issued to you in accordance with the provisions of Section 16 of the Occupational Safety and Health Act of 1970 (84 Stat. 1401; 29 U.S.C. 651, et seq.) hereinafter referred to as the Act. You were then notified of certain alleged violations of the Act, as specified in that citation.

YOU ARE HEREBY NOTIFIED that pursuant to the provisions of Section 16(a) of the Act, the penalty(ies) set forth below is/ are being proposed, based on the citation(s).

Subject: Citation(s) for Alleged Occupational Safety and Health Violation(s)

An inspection of a place of employment has revealed conditions which we believe do not comply with the provisions of the Occupational Safety and Health Act of 1970, (29 U.S.C. 651 et seq.). The nature of such alleged violations is shown in the enclosed citation(s) with references to applicable standards, rules, regulations and provisions of the Act. These conditions must be corrected on or before the date shown to the right of each alleged violation.

The Act requires that a copy of the enclosed citation(s) be prominently posted "in a conspicuous place upon or near the place of employment referred to in the citation occurred. It must remain posted until all violations are corrected, or for 3 working days", whichever period is longer. A sufficient number of copies of the citation(s) should be prepared to permit posting in accordance with the requirements of the Act. The Act also provides penalties for violation of the posting requirements.

You are hereby notified, or will soon be notified, whether or not penalty(ies) will be proposed as a result of the inspection. You have the right to contest any or all parts of either the citation(s) or the proposed penalty(ies) with the Occupational Safety and Health Review Commission. The Review Commission is an independent agency with authority to make decisions regarding citation(s) and proposed penalty(ies). If you do contest, you should submit your contest to the Area Director at the address shown above within 15 working days* after receipt of the certified mail notice of proposed penalty(ies). If you fail to contest within the 15 working day period, the citation(s) and proposed penalty(ies) shall be deemed to be a final order of the Review Commission and not subject to contest by you or your agency.

If an employer contests the citation, the abatement period specified therein does not begin to run until the date of the Commission's final order in the case PROVIDED the employer initiated his contest in good faith and not as a device for avoidance of penalties.

You have a right to request a discussion with the Area Director concerning any results of the inspection (abatement dates, citations, penalties, etc.). Please direct correspondence to, or call, the Area Director at the address shown at the top of this letter. A request for an informal discussion cannot extend the 15 working day period allowed for filing a notice of contest. Therefore, a request for an informal discussion should be brought to the attention of the Area Director prior to the end of the 15 working days allowed for filing a notice of contest, preferably as soon as possible.

An employee or representative of employees may file a notice (letter) to contest the reasonableness of the time stated in the citation for the abatement of the alleged violation(s).

Alleged violations that are not contested shall be corrected within the abatement period specified in the citation. Followup inspection may be made for the purpose of ascertaining that the employer has posted the citation(s) as required by the Act and corrected the alleged violations. Failure to correct an alleged violation within the abatement period may result in further proposed penalties for each day the alleged violation has not been corrected. Timely correction of an alleged violation does not affect the initial proposed penalty.

Correction of alleged violations which have an abatement period of 30 days or less should be reported in writing to the Area Director promptly upon correction. Reports of corrections should show specific corrective action on each alleged violation and the date of such action. On alleged violations having an abatement date of more than 30 days, a written progress report should be submitted each 30 days. The progress report should detail what has been done, what remains to be done, and the time needed to fully abate each such violation. When the alleged violation is fully abated, the Area Director should be so advised.

The Act provides that whoever knowingly gives false information is subject to a fine up to \$10,000, imprisonment up to 6 months, or both.

If you wish additional information, you may direct such request to the undersigned at the address shown above.

*Under the Occupational Safety and Health Act, the term "Working Day" means Mondays through Fridays but does not include Saturdays, Sundays, or Federal Holidays.

(NOTICE: Additional Important Information On Reverse Side)

The proposed penalty for failure to correct each alleged violation is computed by multiplying a proposed penalty times the number of days the alleged violation remained uncorrected, counting from the prescribed abatement date to the date of reinspection. In the case of nonserious violations, the 50 percent adjustment for timely abatement, which had been deducted in calculating the initial proposed penalty, has been added to the proposed penalty for failure to correct.

Additional penalties may be proposed on a daily basis for each violation that is allowed to continue unabated beyond the date of reinspection appearing on the front of this form. You are to notify the Area Director named on the front of this form of the date and nature of any abatement action which you have taken.

The payment of penalties is to be made by check or money order, payable to the order of "Occupational and Health-Labor". Remit to the Area Director whose address appears on the front of this notification.

YOU ARE FURTHER NOTIFIED that this notification and the penalties, as proposed, shall be deemed to be the final order of the Occupational Safety and Health Review Commission and not subject to review by any court or agency unless, within 15 working days from the date of receipt of this notification, you notify in writing the Area Director named on the front of this notification that you intend to contest this notification.
