September 15, 1970

Gentlemen:

As a supplier of askarel fluids namely Inerteen, Pyranol, and Aroclors which do contain Polychlorinated Biphenyl (PCB), we wish to inform you that the FDA announced a guideline for PCB of 5 ppm in fish and 0.2 ppm in milk.

Therefore, control of waste and spills is imperative. In no case should the material be discharged directly to streams.

If you have any question or if we can be of assistance, Please feel free to call upon us.

Regards,

James G. Bryant
Product Specialist
Dielectric Fluids
