

Mr. C. R. Lewis

S. M. Wagner

Alleged Poisoning

New York

Los Angeles

December 22, 1944.

Enclosed herewith is a report by Carl Abell on the article that appeared in the "Dealer News" on December 5th. I asked Mr. Abell to make this report rather than one of the safety men, as he is personally acquainted with Mr. Coble, editor and publisher of the "Dealer News", and also has a wide acquaintanceship in the marketing end of the industry. I think Carl's report is very complete as far as he has carried it and if you wish us to go any further into the matter please let us know.

My own comment is that our public servants are certainly very lax in the keeping of their records and data.

Yours very truly,

S. M. Wagner

cc-Dr. R. A. Kehoe.
