# Dutch Boy® SASH and TRIM COLORS

(Also 210-White and 290-Black)

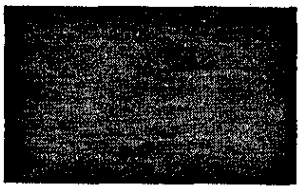

**DUTCH BOY SASH & TRIM COLORS** add the sparkling accents that give a home distinctive charm. These tough, alkyd enamel finishes are made in a broad selection of rich lustrous colors—have a gloss that stays brilliant and fresh looking. Use these colors to provide that finishing touch—on door, shutters and trim, window boxes, fences; or if you prefer, choose Sash & Trim in white.

*Bright and Sparkling*

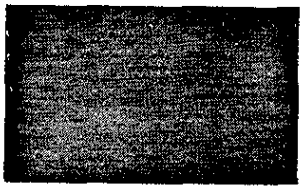

Give your home the distinctive touch of rich and brilliant color

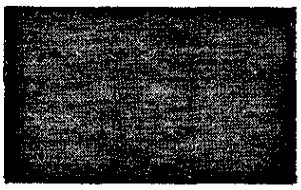

255—Colonial Red

284—Medium Green

286—Dark Green

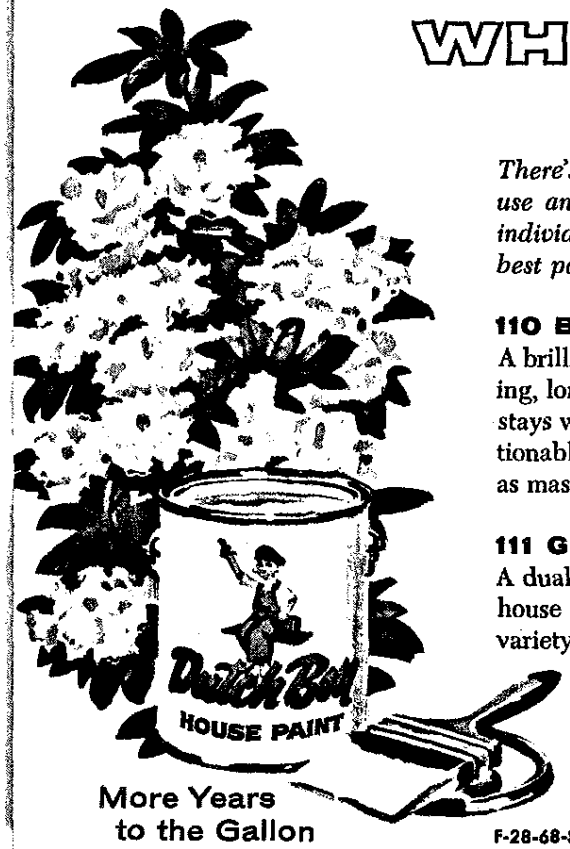

235—Tudor Brown

**For the whitest home in town...**

one that will *stay* white longer, there is a "Dutch Boy" white that is best suited for your home. See the back cover of this card for information about these whites.

ADDITIONAL COLORS IN BOTH **HOUSE PAINT** AND **SASH** AND **TRIM** ARE AVAILABLE, ON ORDER.

# WHITE is always right

## —and Dutch Boy makes the just-right white for you!

*There's a Dutch Boy white blended for every use and surface—each created to meet the individual requirements of the job, give the best possible results. Among them are:*

**110 BRIGHT WHITE**
A brilliant, exterior white that gives outstanding, long-lasting whiteness and protection. It stays white and sheds dirt without any objectionable pigment staining of other areas such as masonry, darker colors or red brick.

**111 GLOSS WHITE**
A dual-purpose finish—a slow chalking white house paint which can also be tinted to a variety of colors to suit your own taste.

**115 FUME AND MILDEW RESISTANT WHITE**
A special white formulation designed for use in those areas where discoloration from sulfide fumes or mildew is a severe problem.

**010 EXTERIOR PRIMER**
For new unpainted wood or painted surfaces in poor condition. A low gloss white Primer that seals, primes and provides a proper foundation for finish coats. It assures better adhesion, increases hiding efficiency and promotes longer life.
