**Cc:** Rebeckah Adcock[RAdcock@croplifeamerica.org]  
**From:** Beau Greenwood  
**Sent:** Tue 4/18/2017 10:15:15 PM  
**Subject:** RE: Invitation from Southern Crop Production Assoc.  
SCPA letter to EPA Adm Pruitt..docx

Ryan, Byron, and Sydney, I am looping-back just to make sure that this invitation has gotten into the right hands for Administrator Pruitt's consideration. The meeting request with Administrator Pruitt is for anytime on Wednesday, May 3, before 3:00. The meeting attendees would include the Board Executive Committee of the Southern Crop Production Association.

I remain available at your convenience to discuss in greater detail.

Thank you for your consideration.

Beau.

**Subject:** RE: Invitation from Southern Crop Production Assoc.

Hi Ryan, Byron and Sydney. I have the pleasure of getting to work with Rebeckah in government relations at CropLife America. I look forward to getting to know you better and developing a working relationship.

Rebeckah has forwarded an invitation (attached) from the Southern Crop Production Association (SCPA) inviting Administrator Pruitt to visit with their membership during their annual DC fly-in on May 3. I sincerely hope that the Administrator has some time in his schedule to accept this invitation.

I remain available to discuss this meeting request at your convenience.

Regards, Beau.

**Subject:** Invitation from Southern Crop Production Assoc.

Ryan, Byron and Sydney-

The Southern Crop Production Association (SCPA) asked CLA to ensure the Administrator receives this invitation for him to address this important regional group at their DC fly-in next month. (OK is covered by SCPA).

Thanks to your office for considering the request and let me know if you have questions or need additional details.

Kindly,

Rebeckah Adcock

Environmental Protection Agency  
1200 Pennsylvania Avenue, N.W.  
Office of the Administrator 1101A  
Washington, DC 20460

Dear Administrator Pruitt,

The Southern Crop Production Association is an independent, regional trade association composed of basic manufacturers, formulators, and resellers of crop production inputs. Our members are involved with crop protection, seeds, biotechnology and traits, seed treatment, and biologic market segments. We represent sixteen southern, southwestern and mid-Atlantic states. Our geography extends from Texas and Oklahoma eastward to Florida and northward to Delaware and Maryland. Our association works very closely with state and local legislators and regulators to assist in obtaining fair and balanced legislation and regulations for our industry.

On May 3rd and 4th, our association will be in Washington DC for our annual congressional visits. We hope to bring meaningful, local perspective in the development of our national policies and regulations.

On Wednesday, May 3rd, our Executive Committee, along with executives from CropLife America would like to set up an appointment to meet with you and your staff. Our visit coincides closely with the completion of the first 100 days of the Trump Administration. We feel the time is right to have substantive conversation regarding the next steps towards meaningful regulatory reform in trying to feed our nation and beyond.

There are many issues facing agriculture in rural America. Using sound science in the development of water policy, the Endangered Species Act and pesticide registration is critical for the success of America's farmers. We consider farmers to be the ultimate environmentalist and stewards of our land and natural resources.

We would appreciate the opportunity to have open communication and dialogue with the EPA on issues related to our industry and the crop production community. Is there a time that we can meet with you on May the 3<sup>rd</sup>?

Thank you, in advance, for your consideration of this meeting request and for your efforts to protect our environment. I look forward to hearing back from you soon

Sincerely,

Jeff Cassady

Executive Vice President

Southern Crop Production Association
