Dear Mr. Joel:

We have your letter of October 23, 1961, in reference to Mrs. [REDACTED] claim against Orange State Oil Company.

We have made a thorough investigation of this case. Our study to date shows that there is absolutely no liability on the part of Ethel Corporation in connection with this unfortunate accident. We will continue to seek any and all facts which have any bearing on the matter.

We understand that the facts concerning the medical aspects of Mr. [REDACTED] death are available to you. We feel that all relevant facts should be brought to the attention of the State compensation authorities and we will cooperate with all parties to this end.

Very truly,

John P.
