Hello Cole,

I'm Ex. 6 Personal Privacy (PP). I am a Trump supporter but I was a former Democrat and Democrat staffer. I am the victim of a political prosecution and there is public corruption in an EPA contract and as a whole, Project Veritas exposed the EPA for throwing money off the Titanic. Go to X, Project Veritas post 12/3/24. I am asking you to review and cancel every EPA contract in the past 6 months of the Biden Administration. This includes the corrupt contract that I have been prosecuted with.

Ex. 6 Personal Privacy (PP)

Scott Hubay of Cleveland, Ohio helped secure a 129 million dollar EPA contract to benefit the City of Cleveland, Ohio and County of Cuyahoga, Ohio. Scott Hubay leveraged already corrupt city of Cleveland Public officials into pressing false, politically motivated charges of harassment against me in Cleveland Municipal Court. I'm in a year long diversion program, where the court imposed a no contact order even though I'm suing him. I can't contact his clients, the government to report this crime- I've already done so and was threatened with a police report upon reporting this to the Justice Department, EPA, EPA OIG and the FBI.

Judicial Watch has asked for a been denied a public records request from the Law Department of the City of Cleveland, Ohio to Scott Hubay and from Scott Hubay to the Law Department. Judicial Watch is a conservative watchdog group that exposes corruption. Mark Griffin, City of Cleveland Law Director was told about this public corruption and forwarded my EPA OIG complaint to the FBI. This admits guilt.

I am asking you to contact me. Talk to Elon Musk, the media and even Donald Trump himself.

I am asking you to review/cancel that EPA contract from summer 2024 for 129 million dollars due to corruption. I will send screenshots and attachments and forwarded emails..

I am also asking for you to cancel the EPA contracts of the last 6 months of the Biden Administration for Trump proofing the EPA as Project Veritas has said. Please report to FBI, Justice Department and higher ups in the Trump Admin because I am the victim of a political prosecution.. Please look at the EPA very soon please!
