

September 25, 1967

Mr. Warren Cook
University of Michigan Medical Center
Ann Arbor, Michigan 48104

Dear Mr. Cook:

RE: Work History Chester Stout

During the period January 1965 to March 1967 the above named employee worked solely in the vinyl acetate process, Building 111.

Under the guide lines previously set up this would not be considered as a monomer exposure.

Yours very truly,

R. E. Joyner, M.D.
Plant Medical Director
