Dear Sir: Re: [REDACTED] Vs: Ashland Ref'g Co.
Tetra lead poisoning.

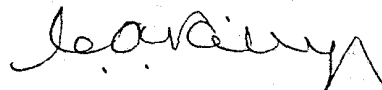

Some time ago when Dr. Crudgington was in our office he advised that the Ethyl Gasoline Corporation was going to locate Mr. [REDACTED] whom I understand lives on R.F.D. #1 at Kenton, Kentucky, or about 22 miles back of Covington, and have him come to Cincinnati for observation etc.

May we inquire whether or not they have ever got hold of Mr. [REDACTED] and, if so, what are the results of the diagnosis.

Thanking you in advance to let us hear from you at your earliest convenience, we are

Very truly yours,

ASHLAND REFINING COMPANY
