Attached is the Industrial Hygiene Survey Report for the survey conducted at your plant on July 17 - 19, 1991 by Scott Howard of Corporate Health and Safety.

I apologize for the delay in sending the report to you, however, Scott is no longer with the CertainTeed. Before he left he had completed most of the report, it has just taken me time to finalize it.

Six significant items have been highlighted for your immediate attention. Please provide a written response to Corporate Health and Safety within sixty (60) days of receipt of this report as to the corrective actions taken.

Please call me with any questions or comments you may have regarding this report.
