Henry,

I've confirmed with the Ada branch and they'll be waiting on you both for around 4:00 pm.

The 2 individuals who will be your on-site points of contact are Kay Pinley and Pat Bush.

We can definitely do that. Charles, let me know if you run into problems. We'll get this done.

Henry,

I tried calling them to see about potentially meeting you off-site for the prints but due to the time difference I'm having trouble getting someone.

I'd count on doing it on-site in the Ada office due to the variety of things that need to be done. I'll follow up in the next hour with the Ada office to make sure they're ready for you and will circle back once I get a confirmation from the Ada team.

Looking forward to having you both joining the team on Monday. We'll also be reaching out to go over some scheduling and logistics shortly.

Hi Charles:

We will be near Ada, Oklahoma today around 4:00. Since it's about 1.5 hours out of our way is there any way they could meet us closer to I-40? If not, no biggie. Either way can you make sure they are ready for us? Charles and the plan is still to be there Monday. We are both anxious to get started!

Henry and Veronica
