Subject: RE: Meeting request - Emerson - April 8, 9, 10 or 11 - PFAS

Dear [REDACTED]

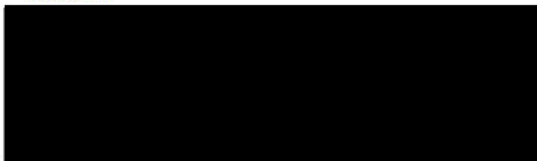

Thank you for your email. I have noticed that Emerson contributed to the consultation organized by the European Chemicals Agency with respect to the restriction dossier as submitted by Germany, the Netherlands, Denmark, Sweden and Norway. I highly appreciate their active participation. ECHA will carefully assess all information received during this consultation. ECHA will communicate when and how they will organize the discussion on the different uses in the Committee meetings.

Once the opinion of ECHA's scientific committees is available, a meeting with Emerson, could be useful to address potential remaining concerns.

Kind regards,
Also on behalf of DG Environment,

European Commission
DG for Internal Market, Industry, Entrepreneurship and SMEs
REACH

Subject: Meeting request - Emerson - April 8, 9, 10 or 11 - PFAS

Dear [REDACTED]

I am contacting you on behalf of **Emerson** (www.emerson.com), a global technology, software, and engineering company with a strong presence in the EU – 16,500 employees working over 51 sites in 21 Member States.

Emerson is best known for manufacturing and selling Industrial Automation Monitoring and Control (IAMC) equipment to customers in essential industry sectors like energy, power, chemicals and water and food processing.

IAMC equipment is foundational to ensure the safe, efficient and sustainable production of any semi-automated or fully automated manufacturing process. They are key enablers of decarbonisation initiatives such as wind, solar, H2 and mobility.

Emerson has planned to send a delegation to Brussels this April to exchange views with the European Commission on a series of initiatives and topics of high importance for Emerson's manufacturing and sales in Europe.

In this context, we would greatly appreciate the opportunity to meet with you **to introduce you to Emerson's activities in Europe and to exchange views on the PFAS restriction proposal**. We could also touch upon the REACH revision and the future of the EU chemicals policy.

We would have a strong preference for a meeting on **8, 9, 10 or 11 April**. 15,16, 29 or 30 April could also be an option.

The Emerson delegation will be composed of:

- [REDACTED]
- [REDACTED]
- [REDACTED]

We thank you in advance for your consideration and look forward to hearing from you.

Should you have questions, do not hesitate to contact me.

Kind regards,

[REDACTED]
