Western Caucus Addresses America's Public Lands Issues

Please join us for the Western Caucus Foundation's upcoming Digital Connect Forum on America's Public Lands issues.

The Western Caucus Foundation has established the "Digital Connect for Western and Rural America" as a new opportunity for the members of the Senate and Congressional Western Caucuses to interact and communicate with stakeholders, the public, and the media. Digital Connect events have become a regular part of the Foundation's annual activities to promote the unique nature of Western and Rural America, and feature Senate and Congressional Western Caucus members.

*****This event is planned to fully comply with Congressional Ethics rules and other applicable laws.*****
