BANK CLEARINGS ON THE INCREASE

The weekly bank clearings of this city continue to increase, which is a good index to the fact that there is also being experienced an increase in the volume of business in this city. There is

The weekly clearing reports are forwarded to the leading mercantile agencies in New York and by them telegraphed to all the leading financial centers in the country, in which the percentage of increase or decrease is scanned every week by men who judge of the advancement or deterioration of a city by the showing it makes in that publication. Happily, Oakland has been showing a weekly increase over the business transacted for the corresponding week of last year, and that showing is a great factor in telling the people at a distance of the progress that Oakland has been making for the year.
