Harold Wiswell Shoots 50 Straight to Win Mass. Skeet Championship...with U. S. Defiance Special Skeet Loads

By breaking fifty straight, Harold Wiswell of Wellesley, Mass., shooting U. S. Defiance Special Skeet Loads, won the Massachusetts State Skeet Championship. To quote from the statement of a reporter who witnessed the shooting, "Mr. Wiswell ran fifty without a miss, each shot a model of precision in timing and complete execution. There were fifty-nine entries. Mr. Wiswell's was the only perfect score".

First at the Grand National Skeet Tournament at New Orleans—Then in the Massachusetts State Skeet Championship—And Now in the Record-Breaking Shoot at Bridgeport

CONSISTENT wins at big shoots everywhere...team championships...individual championships...new records...prove conclusively that Defiance Skeet loads, developed by U. S. with the particular requirements of Skeet in mind, define the difference between mere good shooting and top shooting.

At New Orleans in the Grand National Skeet Tournament, Defiance loads were the selected shells of a representative group of winners. In the Massachusetts State Skeet Championship, Harold Wiswell of Wellesley, Mass., won with a straight run of fifty with the same popular loads.

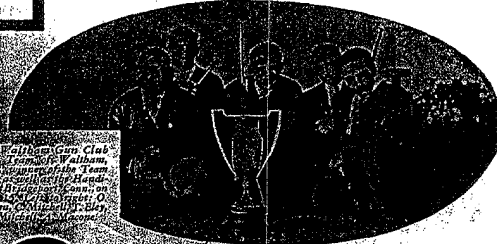

And more recently, at the shoot of the Remington Arms Gun Club at Bridgeport, Conn., the Waltham (Mass.) Skeet Team, shooting Defiance Special Skeet Loads, turned in what newspaper reports referred to as "two of the highest team scores ever achieved in this country since Skeet became a fad"—238 x 250 in the team shoot and 239 x 250 for the same five men in the handicap.

Defiance loads have become the preferred shells of Skeet shooters everywhere. They are moderately priced loads made to measure up to the shooter's skill, as well as his purse. Try Defiance Special Skeet Loads yourself next time. Supplied in 12 16 and 20 gauges.
