Dear Dr. Dove,

Colombian Petroleum Company has advised me that you have replaced Dr. E. Hurtado as Medical Director.

I presume that Dr. Hurtado will have informed you, before his departure, of the arrangements which were made with him by The Associated Ethyl Company, Ltd., for the periodical examination of the men employed at Petrolea in the mixing of Ethyl Fluid with gasoline.

Dr. Hurtado was in possession of certain information on this subject which was supplied to him by Dr. Robert A. Kehoe, Medical Director of The Associated Ethyl Company, Ltd. However, I am sending you under separate cover a set of Spanish translations of various papers which have been published on the subject and would be glad if you would return to me any material handed to you by Dr. Hurtado.

I have written Dr. R. A. Kehoe advising him of the change in Medical Direction and you will no doubt also be hearing from him.

Yours very truly,

CHARLES L. RIESO-GILL
