The Western Caucus Foundation (WCF), is a charitable and education organization operated under Section 501(c)(3)

of the Internal Revenue Code, and dedicated to western public policy issue education.

The Western Caucus Foundation provides education and communications to public policy makers, particularly with those in the Senate and Congressional Western Caucuses, and the public in an effort to enhance, sustain, and preserve the West's dynamic and unique culture. The WCF is committed to advancing the following key principles: promoting economic growth; protecting private property; strengthening local control; and increasing America's energy independence and mineral production. The Foundation hosts education and networking opportunities to advance the public policies important to the West, and offers Western Caucus members, staff, and stakeholders a non partisan and non political organization to facilitate discussion of critical Western issues through a robust agenda of meetings, conferences, education programs, and communications.
