Look! Beauty without bother!

No messy stirring or thinning. New LUCITE Wall Paint comes all ready to use right out of the can. Goes on easily over plaster, wallboard, paint or wallpaper. Covers a bigger area with fewer strokes and dips. Speeds the job.

Doesn't drip or splatter like regular paint. See how LUCITE clings to roller without dripping or running down the handle. Even doing the ceiling, you'll stay neat and clean. And LUCITE spreads on smoothly and easily, too.

Dries in thirty minutes. Smooth, even, flat finish is perfect camouflage for hairline cracks and surface flaws. Touch up spots you missed with no streaks or lap marks. Brushes, rollers, pan clean with soap and water.

Modern, matching colors. For woodwork, kitchen and bathroom walls and ceilings, use DUCO® Satin-Sheen Enamel in matching LUCITE colors. Get both at your paint or hardware dealer's. In all conventional sizes.
