Weather is a most persistent destroyer

No house can stand against it without a protecting coat of honest paint. SWP (Sherwin-Williams Paint, Prepared) is an honest house paint. It is made of pure lead, zinc and linseed oil—each a Sherwin-Williams product—accurately proportioned and thoroughly mixed. SWP has been proving its quality for nearly fifty years. Its easy spreading and great covering qualities will please your painter. Your dealer has it.

Is Your Home Worth Living In?

Then surely it is worth painting and being kept painted. But there's such a big difference in paints. Choose a paint for its durability, looks and protective properties. Choose

SWP

The two vital house painting questions are—
What Colors and What Paint?

S-W P-A Weather
Resisting House Paint

The wrong color scheme will seriously mar the attractive appearance of your home. The wrong paint will soon fade, crack and peel off, exposing the wood to the weather. You can get a color treatment as pleasing as the one shown here and a wood protection of unusual durability by following the advice given in our new

Once your house is properly painted it is insured against decay. Decay is just as destructive as fire. Paint, to serve its real purpose, must protect—a pleasing effect is only a by-product. Buy your house paint with this thought in mind, then you will think about quality as well as color. Sherwin-Williams House Paint has in it the staying, weather-resisting properties that give a house protection. It has wonderful covering power, it holds its color and it everlastingly sticks to its job. It is real insurance. It insures protection from the elements; it insures value in your property; it insures beauty and distinction. There is a special Sherwin-Williams product for every surface in and around the home. Here are a few.—The Sherwin-Williams dealer near you carries the full line.

Finger prints will wash off without hurting the most delicate tints—if your walls are painted with

SHERWIN-WILLIAMS Flat-Tone

No spots or finger marks on Flat-Tone walls! Soap and water take them off without the slightest marring of the dainty tints. Nowadays people prefer to paint their walls. They choose Flat-Tone because it is a truly sanitary decoration—germs cannot hide behind Flat-Tone.

Flat-Tone is not a cold, shiny kalsomine but a scientifically prepared oil paint which gives your rooms a beautiful, dull warmth that invites and rests the eyes.

Flat-Tone is economical because it comes ready to apply, has great covering power and can be made like new with soap and water when soiled.

Flat-Tone is made in twenty-four beautiful shades. Let us show you the beautiful effect to be secured with this modern and sanitary wall finish.
