Subject: Employee Blood Lead Levels

Reference:

After your secretary called me on August 8th, regarding the consultation with Dr. Carnow concerning the elevated blood lead level of [REDACTED] I contacted Dr. Boyd at the Clearing Clinic.

Dr. Boyd stated that Dr. Falks summary of the meeting was that you were going to handle the contact with Dr. Carnow.

Could you please resolve this quickly, as the plant loses its variance 9/1/85, and we can't afford to remove employees from our work place.

Dr. V. H. Hodge's secretary called to state that there was a misunderstanding between Dr. V. and the Clinic as to whom would contact Dr. Cannon.

I was asked to contact the Clinic for them to arrange a consultation with Dr. Cannon.

Dr. Boyd states that Dr. Halls' summary of the meeting was that Dr. V. H. Hodge was going to handle the contact with Dr. Cannon.
