Subject: Submission AEGIR-Marine. Maritime case in scientific article

Dear [REDACTED]

We met in Brussels on 31st of January '24;

Many thanks for this fruitful meeting with us from AEGIR-Marine.

Due to a computer issue, my e-mail wasn't send on the 1st of February, I discovered yesterday.

As promised you herewith receive the Submission of AEGIR-Marine, which we sent on June 7nd, 2023 to ECHA.

- You can also read and use the information of the scientific article (ANNEX 1), which is a maritime case study for the use of fluoroelastomers (FKM), a safe PFAS.

If you have questions, don't hesitate to call or mail me.

Best regards,
