Dear Dr. Lanza:

Subject: Metropolitan Visiting Nurse Service

This will acknowledge and thank you for your letter of June 5 addressed to our Mr. D. M. Mason. We will be pleased to have you advise us of the return to active service of your visiting nurse in Kankakee, Illinois. // 26

Within a very few weeks, we will have a small manufacturing plant in operation in Jackson, Mississippi. During the fall of this year there will be another plant going into operation in Dallas, Texas. Around the first of the year, a larger plant will go into operation in Macon, Georgia. In each locality, our employees will be covered by the Group Insurance in Group Contract 6915 GLH. It will be desirable to have these employees avail themselves of your nursing service and, accordingly, it will be appreciated if you will advise if nursing service is available in the cities mentioned as well as giving us the names and addresses of the parties to be contacted for such service.

Very truly yours,
